

## **SmartCity ITS has been appointed new official Agent for Canadian Western provinces from British Columbia to Manitoba.**

**MISSISSAUGA, On – June 17, 2019** – Today, iS5 Communications Inc. (“iS5Com”), an innovative Canadian provider of cyber secure industrial platforms, announced with great pleasure the addition of SmartCity ITS as their official Agency for the Canadian Western provinces. Based in Vancouver, BC, SmartCity ITS provides Intelligent Transportation Systems (ITS) integration and support for municipalities and other government agencies across Canada. Their proven technologies combined with their creative and responsive approach reduce risk and enable municipalities to optimize their networks and realize enhanced safety and efficiency. With a 30 year track record in technology integration, Warren Prokopich—the founder and principal of SmartCity ITS, is well known for providing solutions in Telecom, CATV, security, medical, industrial, renewable energy, electrical products distribution, automation and robotics, advanced pedestrian safety, and Intelligent Traffic & Transportation systems markets. He has leveraged his gift of working with people to develop trusted relationships and a strong network of partners, suppliers, and clients. With the formidable challenges facing municipalities today such as growing populations, urban densification, aging infrastructures, increasingly limited resources, and the exciting opportunities that emerging ITS technologies offer, there is no place Warren would rather be than helping to build smarter, safer and more sustainable cities.

*“We are proud to team up with a true Canadian technology innovation team”*  
Warren Prokopich, Founder and Principal, SmartCity ITS

*“Warren and his team are the perfect match with the iS5 communications strategy, values, and creativity in providing the best solution in this new emerging economy of knowledge.”*  
Eric Labrie, Regional Sales Manager, Canada, iS5 Communications.

We encourage all our iS5Com partners, clients, and supporters to welcome SmartCity ITS team personally in their new role with us. Do not hesitate to reach for Warren’s experience and knowledge of the industry.
